"Delivering Total Automation Solutions!"

The very best technical solutions, services, and support

Horizon Solutions has the resources to solve your toughest electrical and mechanical automation challenges. Our team of specialists have the technical expertise to deliver an engineered solution to your company. In addition, Horizon Solutions maintains long-term partnerships with worldwide suppliers such as Rockwell Automation, providing additional resources for larger-scale projects.

Partnering with Rockwell Automation / Allen-Bradley

When it comes to automation, your requirements are unique; so are the solutions provided by Rockwell Automation and Horizon Solutions. Whatever your requirement, you'll find the answer by partnering with us. Rockwell Automation provides products and services for applications in these areas:

- Condition Monitoring
- Condition Sensing Switches and Controls
- Connection Systems
- Control Circuit and Load Protection
- Drives
- I/O
- Industrial Computers and Monitors
- Lighting Control
- Limit Switches
- Medium Voltage Control
- Motion Control, Integrated
- Motor Control Centers (MCC's)
- Motor Control: IEC, NEMA, Solid State
- Motors
- Networks and Communication
- Operator Interface
- Power & Energy Management
- Power Supplies and UPS
- Programmable Controllers
- Push Buttons
- RFID
- Relays, Timers, and Temperature Controllers
- Safety
- Sensors
- Signaling
- Software
- Supplemental Motor Protection
- Terminal Blocks and Wiring Systems

Complementary Automation Product Lines

In addition to Rockwell Automation/Allen-Bradley, Horizon Solutions supplies products from these industry-leading manufacturers that will help you meet all of your automation requirements.
