Safety

Horizon Solutions' Material Handling Division is focused on bringing cost savings to customers through technical solutions, supply chain services, and education. We represent the leading manufacturers of material handling equipment. Our offerings of products and services allow us to provide customers the best value for any material requirement.

We can help you meet the most demanding manufacturing and logistics challenges, such as:

- Building a new facility
- Moving parts-in-progress quickly and dependably
- Retrofitting existing space
- Handling increased shipping or receiving activity
- Filling pull and pick requests promptly
- Working within limited warehousing space
- Storing material safely and securely
